### Consent to Initiate Care

We do not offer to diagnose or treat any disease or condition other than vertebral subluxation. However, if during the course of a chiropractic spinal examination, we encounter non-chiropractic or unusual findings, we will advise you. Our only practice objective is to eliminate subluxation which interferes with the expression of the body's innate wisdom. Our only method is specific adjusting to correct vertebral subluxations.

I, \_\_\_\_\_, have read and fully understand the above statements.
